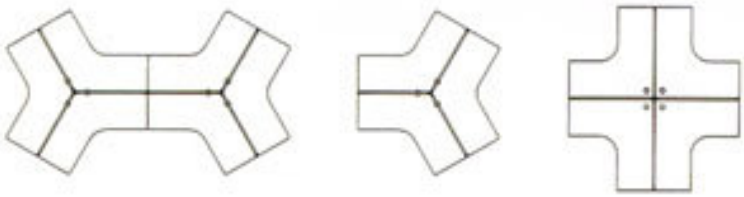
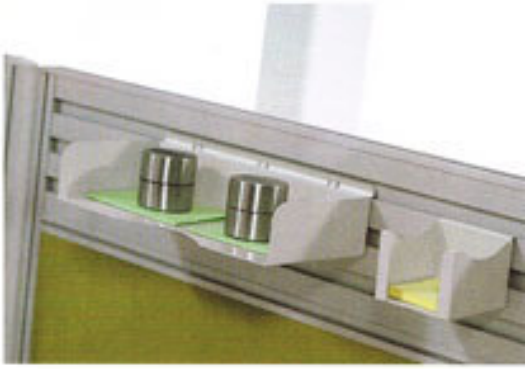
SPACE300

With a panel width of 30mm, the Space300 system combines functionality with aesthetics. It is highly versatile with its ability to be combined into various arrangements such as the 120° formation.

Its design includes cable management and support for multiple panel heights and features such as whiteboard tiles, hanging shelves and accessories.





抽拉式桌面
可抽出式桌面设计是一个创举，令频繁琐碎的线路整理工作变得异常简单轻松。

Sliding desktop
The sliding desktop is a revolution in furniture design, making the wire arrangement exceptionally easy.

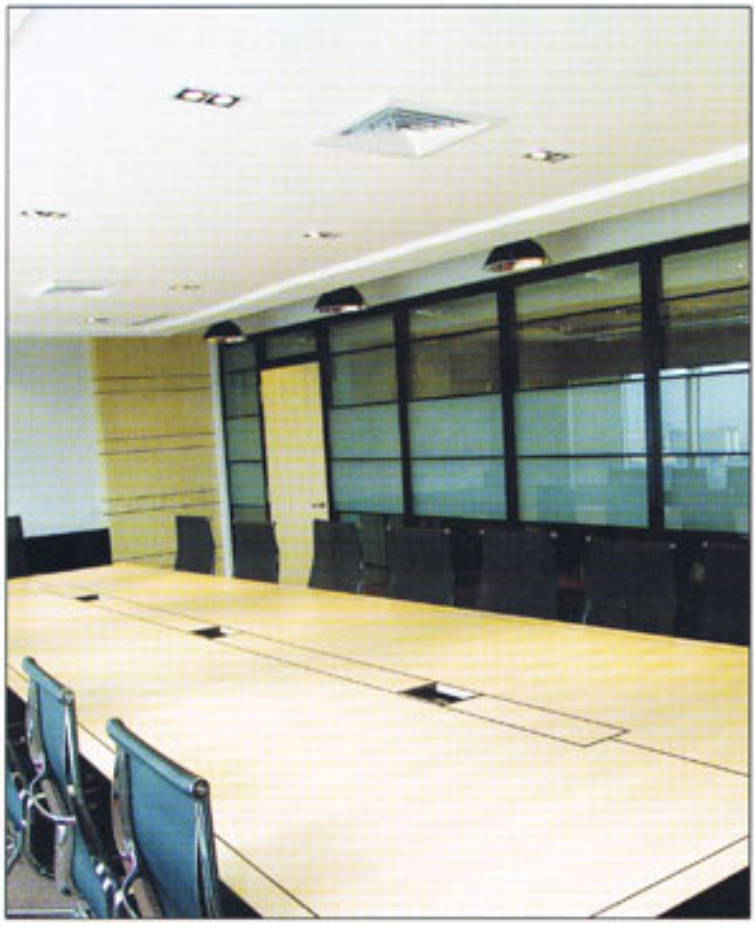
Strength

A more stable system because of the width of this system, it has the same adaptability as the ES 60. It is most ideal for floor to ceiling applications.



Heavy duty

Heavy duty and high quality mechanical wheel type of mobile filing cabinet, designed to move by turning the handwheel with less power. For huge and heavy compilations of documents that saves space.
